**Freedom of Information Act 2000**

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Ophthalmology.

*Within your organisation how many intra-vitreous vials/implants have been used in the latest 4 months, if possible between September and December 2015?*

*Please state the number of vials dispensed from your pharmacy in this period, if the number for wet AMD is not known, then regardless of reason for use.*

	Avastin (bevacizumab) Injections	Eylea (afibercept) Injections	Illuvien (Fluocinolone) Implants	Lucentis (ranibizumab) Injections	Ozurdex (Dexamethasone) Implants
<b>Total Vials/Implants</b>					
Vials/Implants for Wet Age Related Macular Degeneration (wAMD)					

Please note, the data has been drawn from financial reports for the 4 months from Aug 2015 to Nov 2015. The information relies on the correct cost centre being used to differentiate between ophthalmic conditions. This data does not include any injections being used as part of a clinical trial.

We are unable to include information for December 2015 as this is still being processed at this time.
