### **Freedom of Information Act 2000**

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Pressure Ulcer incidents in 2015.

*In 2015, how many pressure ulcer incidents were there throughout the Trust and how many of those were grade 3 or 4?*

*How much did this cost your trust in total?*

Please see the attached table:

The cost information will be different for each individual, and would depend on many factors:

Facility or community acquired

Position and size of pressure ulcer

Complex morbidities that could impact on skin and the healing process. (To list just a few). We would be unable to provide a true cost so this information would have to be the national average and not relate to our trust.
