Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to ransomware.

1. The total amount your trust has spent on upgrading computers following the WannaCry ransomware attack reported on 12th May 2017.

2. The number of computers running Windows XP software still in operation across the hospitals that are within your trust.

1. The trust has applied Section 31 (1)(a) of the FOI Act (Law Enforcement) to this question as providing this could compromise the security of the Trust's network / data and might materially cover activity which forms part of ongoing criminal investigations

The information which has been withheld is exempt from disclosure under section 31(1)(a) of the Freedom of Information Act. The relevant parts of the ICO guidance on the subject (<https://ico.org.uk/media/for-organisations/documents/1207/law-enforcement-foi-section-31.pdf>) run as follows:

31.—(1) Information is exempt if its disclosure under this Act would, or would be likely to, prejudice - (a) the prevention or detection of crime. It could be used to withhold information that would make anyone, including the public authority itself, more vulnerable to crime for example, by disclosing its own security procedures. It is the view of this trust's Information security function that disclosure of the information above would prejudice our ability to resist cyber-attacks, etc. on our systems.
