## **Freedom of Information Act 2000**

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to removal of foreign objects.

*I would like a list of all procedures carried out on your premises by medical professionals to remove foreign objects from patients' rectums / colons.*

*I define a "foreign object" as an object that is separate from the body, therefore not including natural growths or tumours.*

*I would like the list of each of these procedures to be accompanied with generic information of the procedure and the patient.*

*This should include date and time of procedure, gender of the patient and age of the patient.*

*Also accompanying each procedure, I would like generic information regarding the nature of the procedure.*

*This includes whether surgery under anaesthetic was required, and a brief summary naming the object(s) removed.*

Due to the very small number of cases and in order to protect patient confidentiality the Trust has decided that further details will not be released using the limitations available under Section 10 and Section 11 of the Data Protection Act 1998.

Patient	Start_Age	SEX	Prim_Proc	Prim proc desc	Sec_Proc_1	Sec Proc1 desc	Sec_Proc_2	Sec Proc2 desc	Specialty	Dominant Procedure	DominantProc desc	Year
Patient A	12	M	H441	MANUAL REMOVAL OF FOREIGN BODY FROM RECTUM					PAE	H441	MANUAL REMOVAL OF FOREIGN BODY FROM RECTUM	2015
