### Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to assault attendances to Emergency Department 2017.

*You asked:*

*We require the gender of the patient (M or F), the date that they attended due to assault (dd/mm/yyyy) and their age. Age can either be numerical to the nearest year (preferred) or in age bands ("0-10", "11-17", "18-30", "31-50", "51+"), we can also accept date of birth.*

*To calculate the level of assault-related injury in England and Wales we also require the total number of attendances for any reason in the year of interest, i.e. 2017.*

Trust response:
