### **Freedom of Information Act 2000**

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Oncology clinical system.

*You asked:*

*I contacted Freedomofinformation (MEDWAY NHS FOUNDATION TRUST) medwayft.foi@nhs.net regarding the Oncology system used by their trust. Please see details below. However, they responded that your trust hold the contract.*

*May I ask if the systems has a new contract expiration date and is it annually renewed?*

*Please let me know if it is still in use and if not, what supplier systems have replaced them.*

Trust response:

Maidstone and Tunbridge Wells NHS Trust are not responsible for this contract. The Trust is a 1/5th member of the Kent & Medway Cancer Network who manage the Infoflex system on behalf of the trusts in the network. The Kent and Medway Cancer Network have a new contract with Chameleon Information Management Services Ltd (CIMS). This commenced on 1st April 2018 and will run for 5 years.

This is not technically an Oncology system as such. It does, however, provide a system for the collection of information for MDM and reporting purposes. For any further information regarding this contract please contact the Kent and Medway Cancer Network directly.
