30 August 2019

Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Kawasaki Disease.

You asked:

For your Trust, please provide, per calendar year for the period January 2006 to December 2018 inclusive, the following information for each admission of Kawasaki Disease - ICD10 diagnosis (primary or secondary) of M303 Mucocutaneous lymph node syndrome:

- *Year of each admission*
- *Month of each admission*
- *Patient gender*
- *Patient ethnicity*
- *Age of patient at diagnosis*
- *First four items of patient postcode (partial postcode which is non-identifiable)*

Trust response:

The information supplied in our previous response (details of which can be found on the Trust website) still apply. The Trust does not hold a local database as these cases are managed only initially in our trust and then followed up by the cardiologists in London from where they are discharged.
