24 March 2021

Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to reallocation of workload.

You asked:

- *A Freedom of Information Request for version/dated policies regarding reallocation of workload in the event of extended periods of illness, that were in operation between 1/07/2020 - 30/10/2020 in the Ear, Nose & Throat Department, Maidstone Hospital, ME169QQ*

Trust response:

There is no Trust policy in place regarding reallocation of workload in the event of extended periods of illness. In the event of extended sickness, the management team will work with the clinical team to agree how outstanding results or admin should be managed during the period of absence.
