Trust response:

1. Stericycle
2. Due to the imminent end of contract further information will not be released. The Trust is applying Section 43(2) FOIA which provides an exemption from disclosure of information which would or would be likely to, prejudice the commercial interests of any person (including the public authority holding it). This is a qualified exemption, and is therefore subject to the public interest test.

The Trust believes that the information requested contains details which would be likely to damage the companies ability to win new business

opportunities for their services and to perform them within a commercially competitive market.

The Trust has concluded that the public interest in maintaining the exemption, and therefore protecting the commercial interests of the suppliers and preserving its ability to compete fairly in a commercial market, outweighs the public interest in disclosure in this case.
