British National Formulary & British National Formulary for Children (BNF & BNFC) **MOBILE APP**

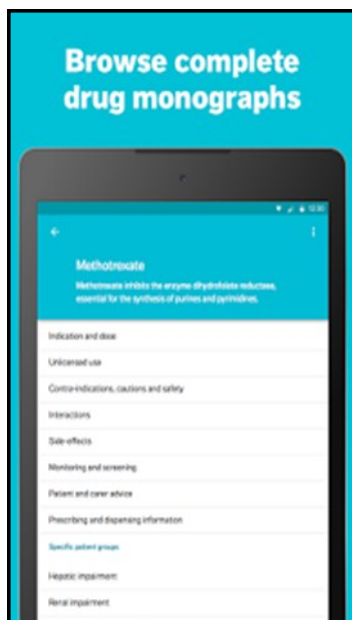

Download the **NEW FREE** combined app
to Android smartphones via the Google Play Store at:
https://play.google.com/store/apps/details?id=com.pharmpress.bnf&hl=en_GB

For iPhone users, the app is available to download via the Apple App Store at:
<https://itunes.apple.com/gb/app/bnf-publications/id1045514038?mt=8>

The app combines both the BNF and BNF for Children into one app

OpenAthens account is no longer required to access the BNF app

If you have any feedback on this app, please let the Trust Library Service know;
you can email us on mtw-tr.library@nhs.net

2 ways to access UpToDate

UpToDate is a popular point of care clinical reference tool which gives you access to evidence-based, peer-reviewed information to help with patient care.

MTW staff are using **UpToDate** to help them to answer clinical questions, on average around 1000 times a month.

On-site access: You can access **UpToDate** simply by going to the MTW Trust intranet home page:

Off-site access: Go to www.uptodate.com and log in with your UpToDate Anywhere account from ANYWHERE:

Register for UpToDate[®] Anywhere

Free UpToDate Mobile App for your iOS[®], Android[™] or Windows 8 device

Now UpToDate clinical decision support is as close as your smartphone, tablet, or computer. UpToDate Anywhere gives you evidence-based guidance when and where you need it.

Registration is easy:

- Access UpToDate **from within** the Trust network by clicking on the UpToDate link on the bottom right of the Trust intranet page.
- Click on **Log in/Register** in the top navigation bar of the UpToDate log in page.
- Create a unique user name and password on the UpToDate Anywhere registration page.
- You are now registered and will receive a confirmation email about installing the UpToDate Mobile App.

CURRENT AWARENESS

KnowledgeShare is our new targeted current awareness service which will help to keep **YOU** up to date with the latest high-level evidence in **YOUR** field

How it works: we create your **KnowledgeShare** profile to be as broad or as specific as you need.

For example, you could receive everything published on obstetrics or limit to receive only items related to gestational diabetes

What's included?: guidelines, policies and a wide range of summarised evidence is added **so that you will not be inundated with primary research articles**

KnowledgeShare interest forms are available in the Trust libraries and are also on our website:

www.mtw.nhs.uk/library

Please email mtw-tr.library@nhs.net or visit one of the Trust libraries for further information
