KnowledgeShare

CURRENT AWARENESS

KnowledgeShare is our new targeted current awareness service which will help to keep **YOU** up to date with the latest high-level evidence in **YOUR** field

How it works: we create your KnowledgeShare profile to be as broad or as specific as you need. For example, you could receive everything published on obstetrics or limit to receive only items related to gestational diabetes

What's included?: guidelines, policies and a wide range of summarised evidence is added **so that you will not be inundated with primary research articles**

KnowledgeShare interest forms are available in the Trust libraries and are also on our website:

www.mtwlibrary.nhs.uk

Please email mtw-tr.library@nhs.net or visit one of the Trust libraries for further information
