Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Diagnostic Imaging (DI) for 2014/2015.

Please provide the information set out below in respect of Diagnostic Imaging (DI) at your Trust for the FY 2014/15:

For each of the key Points of Delivery categories (just EL, SSEL, NEL, SSNEL, DC and OP), the numbers and types (e.g. CT/MR/PET-CT/endoscopy) of DIs performed per Primary Diagnosis (ICD) and the number of patients so investigated in that ICD category.

We would only need the first three characters of the Primary Diagnosis code (e.g. C00 to D49 for Neoplasms).

The Trust is not able to provide the level of information required. We can provide the total numbers by month and this is prepared in the attached table for 2014/15 but further level of detail is not available.

The attached table is split going across the page by 'other exams' (which means other than internal or GP direct access), then 'GP direct access', then 'MTW exams' which is all imaging done at a request from internally. Then going down the page it is split by exam type with the very last section showing total exams which is a sum of all.
