### **Freedom of Information Act 2000**

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to A&E attendances for assault in 2016.

*The data we require are as follows (for period 1st January 2016 and 31st December 2016) in an electronic format that allows us to read the data into a database. Many hospitals respond to our survey and provide data in the form we require. Preferably this format is in an excel file or comma separated text file.*

*We require the gender of the patient (M or F), the date that they attended due to assault (dd/mm/yyyy) and their age. Age can either be numerical to the nearest year (preferred) or in age bands ("0-10", "11-17", "18-30", "31-50", "51+"), we can also accept date of birth.*

*To calculate the level of assault-related injury in England and Wales we also require the total number of attendances for any reason in the year of interest, i.e. 2016.*

Please note: Data collection relies entirely on the word "assault" appearing in the presenting complaint field on the Trust database.

Total attendances for 2016 are 144045, therefore the 675 recorded assaults equates to 0.47% of attendances.

Please see the attached tables.
