## **Freedom of Information Act 2000**

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to gifts and hospitality 2013-2017.

*I would like information on your organisation's gifts and hospitality register (or equivalent).*

*I would like a breakdown in the last five years, items which have been logged on your organisation's gifts and hospitality register by staff, detailing:*

*Date item was declared*

*Description of item*

*Reason for the gift/hospitality*

*Value*

*Whether the item was accepted or declined*

*Additionally, does your organisation have a monetary limit on gifts (ie gifts worth under £50 are allowed) and can cash gifts ever permitted?*

The Trust's "Gifts, Hospitality, Sponsorship and Interests Policy and Procedure" states that "staff must not, under any circumstances, accept gifts of cash offered to them personally, regardless of the value involved" and that all offers of cash must be formally declared. The existing monetary limit on non-cash gifts is £25. All gifts over this value must be declined and formally declared.

The Trust's "Gifts, Hospitality, Sponsorship and Interests Policy and Procedure" is currently under review following the recent publication of guidance on Conflicts of Interest by NHS England. It is intended to revise the limit on non-cash gifts up to a maximum of £50 in accordance with this guidance. The Trust's stance on cash gifts will remain unchanged.
