5 October 2017

Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Consultant leave.

For the NHS Foundation Trust, please advise for the periods:

June, July, August and September 2014

June, July, August and September 2015

June, July, August and September 2016

How many substantive medical consultants, in all departments, have been granted leave? I would like the information broken down by year and month and to reflect:

- 1) The total number of medical consultants in each department;*
- 2) The number of consultants granted leave in each department; and*
- 3) How much leave, in working days, each consultant has been granted?*

Please see the following:

For Radiology

June – September 2014

June-September 2015

20 consultants in post

June - 39 days annual leave + 13 days study leave

July – 67 days annual leave + 9 days study leave
