27 September 2017

Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Sustainability and Transformation Plan.

In relation to the July 2017 meeting of the Kent and Medway Sustainability and Transformation Partnership Programme Board, please could you provide any briefing notes or reports that were presented to the meeting that were the basis of any discussion and or any decision.

The programme board in July received a number of updates on:

- System transformation
- Communications and engagement focused on the engagement activities that are taking place
- Prevention (of ill health)
- Hospital services

These are work in progress, not finalised proposals, and will form part of material that will be published at a later date. The programme board is also not a decision making body, other than in relation to guiding the programme of work, rather it makes recommendations back to the statutory decision making bodies (e.g. the CCGs, NHS trusts / foundation trusts and local authorities).

You can see more information about the Kent and Medway sustainability and transformation partnership at www.kentandmedway.nhs.uk and a summary update from the July Programme Board at <http://kentandmedway.nhs.uk/latest-news/july-programme-board-meeting/>
