Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Consultant list.

Could you send me an up to date list of Hospital Consultants, by name and department/location, working within your trust. I have searched your website and cannot seem to find the most current information I am looking for.

Maidstone & Tunbridge Wells NHS Trust receives a number of requests for details relating to the professional lives of our staff from private individuals and organisations, some of whom are involved in recruitment and marketing. We are aware that approaches from some of these organisations, as a result of any disclosure on our part, may lead to damage and distress to individuals whose roles and responsibilities would not normally be public facing or a level where the expectation would be that this information should be in the public domain. On very rare occasions it might be considered in the public interest to disclose some information but in such cases the views of the individual staff concerned is always sought.

The Trust has therefore decided that in future all such requests will normally be refused using the limitations available under Section 10 and Section 11 of the Data Protection Act 1998.

The information you have requested is therefore exempt under Section 40 of the Freedom of Information Act 2000.

There is a list of Consultant staff that can be found on the Trust website which contains details of all the Consultant staff that are willing for their details to be made public. Further information will not be released.
