## **Freedom of Information Act 2000**

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Security Seals.

- *I would like to know if the trust currently uses any security seals or tamper evident tags, (besides any used for clinical waste) and what each product is used for within the trust.*
- *I would also like to know the annual quantity purchased (as well as the annual cost to the Trust if possible)?*
- *Where does the trust purchase these products from? i.e. is it direct from a supplier or from the NHS Supply Chain?*
- *If these items are purchased through the Supply Chain what are the catalogue codes of each item?*
- *Who is responsible for purchasing these products?*

Please accept my apologies for the delay in responding to your request.

Please see the following table:

The cost has not been included as the information requested is exempt from disclosure under the Freedom of Information Act 2000 Section 43 as its disclosure would, or would be likely to, prejudice the commercial interests of any person (including the public authority holding it).
