**Freedom of Information Act 2000**

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Fax machines.

*You asked:*

*How many fax machines does your Trust own?*

Trust response:

The Trust has 104 analogue lines that are connected to either a standalone fax machine or a printer with a modem module that enables printer to become a fax machine. We are removing fax functionality as part of the printer replacement programme. Only in exceptional circumstances i.e. Blood Transfusion service will be maintaining a fax on a standalone fax machine.
