

Free Condoms!

If you live in Kent or Medway, the age range for the Get It! programme is 13-24

*If you are aged 16 or above you can register online: we will send a pack of condoms and your condom card to the address you've supplied. You can then use your account to order two packs of condoms every month and/or go to an Easy Access Point nearby and pick up some more.

*If you are under 16 or want to speak to someone in person, you can visit one of our Easy Access Points, where a trained professional will walk you through the registration process and have a conversation around safe sex and healthy relationships. The registration should take around 15 minutes. Upon completion, you will be issued with a card that you can attach to your keyring. You can then visit any Get It! registered outlet to top up on condoms (6 at a time).

Removal of Images Online

We would like to make you aware of the YOTI app which has been verified as legitimate by the National Crime Agency.

Childline and the Internet Watch Foundation have come together to provide a service where children can request the removal of sexual images of themselves which have been shared online. As part of that process the child would be asked to provide a link to where the image is stored online, rather than send the image itself.

The child is also required to verify their identity and age and this is done through the YOTI app. YOTI will not store images of the child's ID following the verification process.

Below are a couple of online resources which contain details regarding this service:

<https://www.nspcc.org.uk/preventing-abuse/keeping-children-safe/sexting> - there is a section which covers what you can do if you've lost control of a sexual image and refers to the YOTI app.

<https://contentreporting.childline.org.uk> - This is the portal where you can report images and videos for take down and again refers to using the YOTI app to verify age.

www.yoti.com - this is where you can download the app
