Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Smoking Cessation.

You asked:

Q1. How many children have been given smoking cessation treatments by your Trust over the last three years?

Q2. Please provide a breakdown of the number of different types of cessation aids prescribed to children over the last three years:

Trust response:

We do not, or have ever been commissioned to provide stop smoking services. Service is provided by Kent Community Health NHS Foundation Trust.

One individual aged 18 or below has tobacco abuse advice formally coded as part of treatment provided by the Trust during the three years 2016-2018.
