Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to CCTV.

You asked:

1. *Supplier of the contract for CCTV maintenance and support*
2. *How much the Organisation spends annually with the supplier? (if multiple suppliers please list the annual spend for each)*
3. *What is the renewal date of this contract?*
4. *What is the duration of the contract?*
5. *What is the review date of this contract? If possible the likely outcome of this review*
6. *The primary brand of the CCTV equipment. I don't require the model just the brand. If there are various brands could you please list?*
7. *The description of the services provided under this contract. Please state if this contract includes more than just CCTV services.*
8. *Contact details of the employee responsible for the contract between the supplier and the organisation. Can you please provide me with their full contact details*
9. *What is the total number of cameras in use/under this contract?*

Trust response:

Please accept my apologies for the delay in responding to your request. There is one question I have been unable to answer and I will continue to chase for a response to this question.
