

A21 Closures

Essential work to Manor Farm subway and the Medway Viaduct

We will be closing the A21 between the Sevenoaks Weald Interchange and Vauxhall Lane Interchange in both directions for ten days. The closure starts at **10pm on Friday 14 February 2020 and lasts until 6am on Monday 24 February 2020.**

We're closing the road so we can rebuild Manor Farm subway and repair parts of the Medway Viaduct.

We have scheduled this work in one go rather than over consecutive weekends following feedback on previously planned timings. We're also using half term week when there is less school run traffic.

Leading up to the full closure there will be overnight lane closures from **Monday 10 February until Thursday 13 February.**

SUMMARY OF CLOSURES:

Diversion route

We will be closing the A21 at some points to do our work and the following signed diversion route will be in place.

Southbound diversion route: Traffic travelling southbound on the A21 will be diverted at the Sevenoaks Weald Interchange and should take the second exit to follow the B245 (Hildenborough) to the A227 southbound and then take the second left along Bordyke Road/Hadlow Road. From there traffic will follow Cannon Lane/A26 and re-join the A21 southbound at the Vauxhall Lane Interchange.

Northbound diversion route: Traffic travelling northbound on the A21 will be diverted at the Vauxhall Lane Interchange and will take the third exit at the following roundabout onto the A26. Traffic will then turn left to join Hadlow Road/Bordyke Road followed by a right turn to join the A227/B245, following the B245 until Sevenoaks Weald where traffic will then merge onto the A21 northbound via the third exit.
