Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Coronavirus outreach working.

You asked:

Due to recent concerns and government changes in advice related to working (regarding the Coronavirus), we are putting together our plan for our staff that are working from outreach locations.

We are getting in touch with all outreach locations our staff work from to ask for their plans/policies in light of the Coronavirus. Are we able to get your plan also?

Trust response:

Having reviewed the below request, as we are not an outreach centre we do not feel that this applies to us. As our plans are changing on a daily basis in line with government advice we are not in a position to share.
