15 December 2020

Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Covid-19 deaths.

You asked:

I would like to enquire as to the amount of Covid 19 deaths with no pre-existing health conditions.

Trust response:

Information relating to pre-existing medical conditions would require the manual checking of individual patient records and the Trust has estimated that it will cost more than the appropriate limit to consider this part of your request. The appropriate limit is specified in regulations and represents the estimated cost of one person spending 3½ working days in determining whether the Trust holds the information, locating, retrieving and extracting the information. Under Section 12 of the Freedom of Information Act 2000 the Trust is not obliged to comply with this part of your request and we will not be processing this part of your request further.
