Freedom of Information Act 2000

I am writing in response to your follow-up request for information made under the Freedom of Information Act 2000 in relation to Consumables.

You asked:

Thank you for your response, can I kindly clarify under suppliers you've states NHSSC. Although the products purchasing would be facilitated by NHSSC that wouldn't be the supplier or brand. Would you kindly confirm which brand the products are?

Trust response:

| Product Description | Current supplier/suppliers | Across Which site are these used | Spend figures in 2019-2020 per site (GBP) | Are these products provided under a contract | If yes, when is the contract up for renewal |
|---|---|----------------------------------|---|--|---|
| Single use blood pressure cuffs (all sizes) | GB UK | Trust wide | ** | No | |
| Single use SpO2 sensors (all sizes) | Medtronic | Trust wide | ** | No | |
| All Procedure Packs | Unisurge / Kimal | Trust wide | ** | Yes | 2022 |
| All Ward Packs | Richardson Healthcare/Rocialle Inhealth | Trust wide | ** | No | |

** The Trust is applying Section 43(2) FOIA which provides an exemption from disclosure of information which would or would be likely to, prejudice the

commercial interests of any person (including the public authority holding it). This is a qualified exemption, and is therefore subject to the public interest test.

The Trust believes that the information requested contains details which would be likely to damage the companies ability to win new business opportunities for their services and to perform them within a commercially competitive market.

The Trust has concluded that the public interest in maintaining the exemption, and therefore protecting the commercial interests of the suppliers and preserving its ability to compete fairly in a commercial market, outweighs the public interest in disclosure in this case.

Supplier Transactions

All NHS bodies are required to publish details of individual invoices and transactions that are over £25,000. This is in response to guidance from HM Treasury which sets out the scope of the data.
