03 June 2021

Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Staff mental health and wellbeing Executive.

You asked:

In your NHS trust do you have a board/exec level representative responsible for mental health/wellbeing who is solely dedicated to improving staff mental health and wellbeing? This information should cover from Jan 2019 to present day (or Jan 2021) if a fixed date is required.

Trust response:

Although the Trust does not currently have a Board / Exec level representative who is solely dedicated to improving staff mental health and wellbeing, this is high on our Board's Agenda and a wide range of health and wellbeing support mechanisms are in place. The remit of our Chief People Officer includes Health & Wellbeing and we have recently appointed a Deputy Director of Organisational Development to further support and develop our Health & Wellbeing agenda. We also have an internal Occupational Health Team which includes staff who are solely dedicated to providing psychological support; plus an Employee Assistance Programme which is provided by Health Assured.
