## **Freedom of Information Act 2000**

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Clinical guidelines on identification and management of three maternity issues.

*You asked:*

*I am looking for copies of your local clinical guidelines on identification and management of 3 maternity issues. For each I will provide possible names of the guidance as the exact title of the guidelines will vary. Please seek obstetric support in locating these guidelines if required. If a guideline does not exist please also inform me of this. If a guideline is publicly available I apologise I could not find it when searching your site, but please direct me to it.*

*The 3 guidelines I wish to view:*

- 1. Decreased fetal movements/ reduced fetal movements/ diminished fetal movements/ change in fetal movements/ reduced movements of baby.*
- 2. Large for gestational age/ LGA/ Big baby/ fetus greater than the 90th centile/ baby greater than 97th centile.*
- 3. Fetal growth restriction/ FGR/ small for gestation age/ SGA/ intrauterine growth restriction/ IUGR small babies.*

Trust response:

Please find below the links to the requested guidelines and any relevant appendices which have also been attached to the email.

Please note: Maternity – Growth Assessment Programme (GAP) Guideline. The Trust does not have clinical guidance specific to this topic; however, the attached document holds some relevant information.
