28 October 2021

Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to external supplier payments.

You asked:

What I am requesting is a compiled list, ideally in Microsoft Excel format, of your external suppliers which contains the following variables:-

- 1. The name of the supplier*
- 2. The supplier's VAT identification number*
- 3. The total amount paid to the supplier during the year 2020 for purchases of goods and services. The amounts can either be including or excluding VAT. This request only regards suppliers to whom the organisation has paid £5,000 or more during 2020. If information about any specific supplier is too sensitive to produce, feel free to remove it from any potential list.*

Trust response:

The Trust is applying Section 43(2) FOIA which provides an exemption from disclosure of further detailed information which would or would be likely to, prejudice the commercial interests of any person (including the public authority holding it). This is a qualified exemption, and is therefore subject to the public interest test.

As some of the suppliers on the list supply just the one product or service the Trust believes that the information requested is of an amount which may identify the items or services provided which would be likely to damage the company's ability to win new business opportunities for their services and products and to perform them within a commercially competitive market.

The Trust has concluded that the public interest in maintaining the exemption, and therefore protecting the commercial interests of the suppliers and

preserving its ability to compete fairly in a commercial market, outweighs the public interest in disclosure in this case.

The list of the suppliers is below and the total spend with these suppliers for 2020 is £242,625,717.50
