04 January 2022

Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to cycle threshold in PCR tests for patients and staff.

You asked:

which cycle threshold(ct) are you using in your hospital in PCR test for patient and staff since the declaration of the pandemic in 2020.

Trust response:

The laboratory uses <28 Ct for reporting of positive Sars CoV 19 tests for single analyses.
