### **Freedom of Information Act 2000**

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Preterm Prevention Clinic.

*You asked:*

*I would like to know if your trust offers a Preterm Prevention Clinic for pregnant women.*

*If so:*

- 1. What inclusion criteria is it set against?*
- 2. What is the caseload capacity?*
- 3. Do you have any data on success rate supporting this intervention?*
- 4. Is this in addition to the implementation of Continuity of Care model which was requested by the Government?*
- 5. If so, do you have information on the interventions being used together for reducing preterm birth?*

Trust response:

In the antenatal consultant led clinics, there is not one specific clinic which covers this, the consultants can discuss and make plans for women with previous pre-term. The Trust does not have a separate Preterm Prevention clinic.
