13 September 2022

Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Delayed discharges.

You asked:

Please can I get data on all of the patients discharged in August 2022, broken down by the number of days by which their discharges were delayed.

Trust response:

The Trust no longer collects this data for reporting purposes. It may be possible that this information has been entered into a patients record but in order to confirm this each patient record would need to be manually checked by a staff member. The Trust has estimated that it will cost more than the appropriate limit to consider this part of your request. The appropriate limit is specified in regulations and represents the estimated cost of one person spending 3½ working days in determining whether the Trust holds the information, locating, retrieving and extracting the information. Under Section 12 of the Freedom of Information Act 2000 the Trust is not obliged to comply with this part of your request and we will not be processing this part of your request further.
