Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Transactions over £25,000 from January 2023.

You asked: All questions are shown as received by the Trust.

Thank you for publishing your spend data here:

<https://www.mtw.nhs.uk/about-us/our-quality-story/finance/>

However, I notice that you haven't published any spending data since December.

We understand that due to the COVID-19 pandemic it may not have been a priority to publish your spending data. However, we strongly believe that the spending data is critical to understanding how Government functions and this data is vital for our work. We would be extremely grateful if you could update this information as soon as reasonably possible.

I'd like to make a request under the Freedom of Information act for all transactions over £25,000 from January to at most a month in arrears from the date at which you publish in response to this request.

Please provide the data in a machine readable format (preferably csv). As a minimum, please make sure to include the date, value and recipient of each transaction. Please also provide details on the procurement category of each transaction if you have it.

Trust response:

After contacting the Finance team, they have confirmed that the January 2023 and February 2023 transactions over £25,000 are now available on the website using this link: <https://www.mtw.nhs.uk/about-us/our-quality-story/finance/>

Please note that the spreadsheets take some time to download.

Alternatively, from our website home page, click the About Us Tab and then under the Our Quality Story headline click Finance where you will find all the information.

This information is updated on a regular basis and is exempt under Sections 21 and 22 of the Act.
