Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to MRI appointments.

*You asked: All questions are shown as received by the Trust.
I am emailing a Freedom of Information request for a feature I am writing regarding the effects of the doctors/nurses strikes on MRI scans.*

I wondered if it would be possible to have stats on the number of MRI appointments that were due to take place at your hospitals between March 13th and March 17th 2023 and the number that actually took place on those days.

Trust response:

This information is held by InHealth who carry out the MRI imaging for the trust.
