Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to trauma protocols in pregnant patients.

You asked: All questions are shown as received by the Trust.

1. Does your hospital/trust have a trauma protocol for pregnant patients presenting in the Emergency Department with trauma?

1. If yes, could you please attach it with your response to this email?

1. Which specialties are called for a trauma call in pregnant patients?

1. Do you routinely call Obstetrics and Gynaecology as part of this initial trauma call?

Trust response:

There is no pregnancy specific trauma protocol at present, although this may change with the implementation of new pathways and processes.
