Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to hypertrophic cardiomyopathy.

*You asked: All questions are shown as received by the Trust.
I would like to establish what centres within the ICS would I be under the care of? I.e., what hospitals have a dedicated inherited cardiac conditions team.? If they do not have a dedicated team or would not treat the condition where would patients be referred to?
Specifically, would a local hospital manage drug treatment up until the stage of surgery (septal ablation or surgical myectomy)? If surgery is not offered where would the patient be referred to?*

Trust response:

Maidstone and Tunbridge Wells NHS Trust can only answer in relation to the Trust, we are not able to give information relating to the Kent and Medway ICB.

We feel this request should be directed to the Kent and Medway ICB to respond.

Their contact details for FOI requests are as follows:
