Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to the impact of industrial action.

You asked: All questions are shown as received by the Trust.

I am writing to the request, under the Freedom of Information Act, a copy of any analysis your trust has made of the impact that industrial action this year has had, or is likely to have, of the trusts ability to meets its elective recovery targets.

Trust response:

Maidstone and Tunbridge Wells NHS Trust has over achieved on our Q1 activity trajectory despite the industrial action. We have put in place a number of measures to allow us to meet our elective recovery targets during industrial action which include:

Infrastructure to support activity

One single point of communication

IT support
