Freedom of Information Act 2000

I am writing in response to your request for information made under the Freedom of Information Act 2000 in relation to Hospital treatment of abortion complications.

*You asked: All questions are shown as received by the Trust.
Please provide the total number of patients in which their treatment was coded as Pregnancy with abortive outcome using one of the following ranges: O030-O39 Spontaneous abortion, O040-O049 Medical abortion, or O070-O079 Failed attempted abortion – I have included a full set of the required ICD-10 codes at the bottom of this request.*

For each individual code, as noted below, I would like the totals for each twelve-months period from 01 January 2017 to 31 December 2023. My preference is the totals in each calendar year, Jan-Dec, but understand if you are only able to provide this in your chosen financial years, e.g., April – March, in which case from 01 April 2016 to 31 March 2024.

Trust response:

We have provided the numbers for both the primary (main reason for admit) and secondary (co-occurring condition but not the reason for admission) codes.

If any ICD10 code is missing, it can be assumed that there are 0 discharges with the code over the requested timeframe.
